

# 100% Automated RMR

# Beyond Software: Integrated Billing Automation

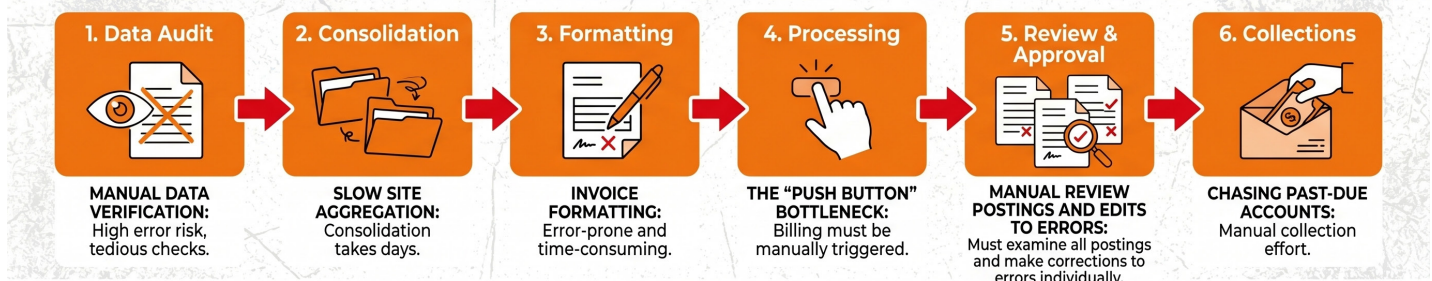

In life safety, RMR management often forces a choice: juggle separate software and merchant processors, or pay a "Labor Tax" in staff hours spent auditing and "pushing the button" on billing cycles. Cornerstone Billing Solutions eliminates this friction by unifying software and merchant services into one high-fidelity engine.

Instead of acting as your software's employee, your team is freed from manual intervention. We move your revenue from data entry to bank deposit automatically, ensuring 100% of your RMR is billed accurately and on time—guaranteed—without the complexity of secondary merchant fees or manual work. True automation shouldn't require a manual trigger; with Cornerstone, it finally doesn't.

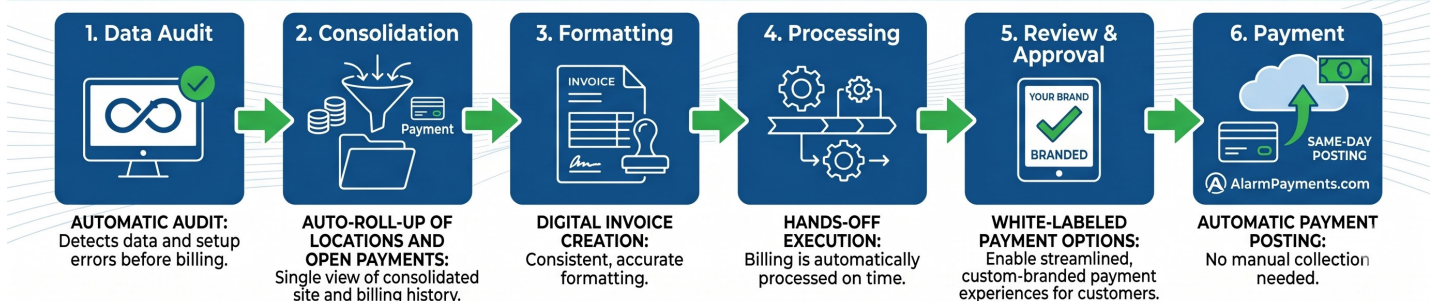

## The Zero-Touch Automation Cycle

### The Fragmented Manual Billing Loop (High Effort)

### The Cornerstone Integrated Engine (Low Effort)

# The Single-Fee Strategic Financial Advantage

We remove this administrative hurdle by moving everything into a single, transparent fee. By consolidating your merchant services directly into the billing engine, we eliminate the need for secondary gateway premiums and external compliance fees. This integration allows the system to shift the cost of processing to the consumer choosing that convenience, effectively reducing your net processing cost and transforming your billing department from a manual, expensive and labor-intensive process to a affordable full streamlined option.

## Monthly Operating Comparison: A side-by-side analysis of a 500-account portfolio charging \$49.99/month using traditional processing versus Cornerstone's automated ecosystem.

Fee	Manual Software + Billing	Full Automation with Cornerstone
Monthly Software Fee	\$500/month (estimated)	\$500/month (estimated)
100% Billing Automation	N/A - Manual Billing	\$375/month (0.75 x 500)
Merchant Statement Fee	\$15.00	Included
PCI Compliance Fee	\$10.00	Included
Batch Header Fees	\$15.00	Included
Credit Card Processing Fee (3%)	\$724.86	\$25.00 with automatic surcharging
Credit Card Processing Fees	\$112.50 (\$.30 per transaction)	Included
ACH Gateway Fee	\$25.00	Included
ACH Transaction Fee	\$43.75	Included
Labor Costs- \$21.50/hour avg	\$200.00	Included
<b>TOTAL COSTS</b>	<b>\$1646.00/Month</b>	<b>\$900/Month</b>

Full Automation with Cornerstone can save customers \$9000+ a year in fees and labor costs
